Letter from the Chair of the Board

Dear Friend,

In 2025, the Queen Sofía Spanish Institute continued to advance its cultural mission with renewed purpose through the America&Spain250 initiative, which highlights 250 years of the shared history and cultural exchange between the United States, Spain, and the Spanish-speaking world.

By increasing awareness of Spain's role in the founding and development of the United States, the QSSI seeks to deepen public understanding of a history that remains too often overlooked.

Celebrating this common history is at the core of the QSSI's mission, and spreading this cultural knowledge deepens our mutual understanding, a goal so vital in today's challenging world.

The QSSI is especially grateful for the enduring commitment of Her Majesty Queen Sofía, whose dedication to philanthropy and causes such as medical research, environmental protection, music, animal welfare or food banks, among many others, continues to inspire our efforts and bring the QSSI mission to life.

With the support of the Board, committees, and community, the QSSI has laid the groundwork for 2026 and beyond. With every program, the QSSI actively aspires to make a positive and lasting impact on the audiences we reach, an impact that is deserving of your patronage.

Best Regards,

Letter from the President & CEO

Dear Friend,

2025 was a crucial year for the QSSI as the Institute hosted and collaborated on keystone programs and events as a prelude to the 2026 celebration of the 250th anniversary of the signing of the Declaration of Independence of the United States.

The programs and activities carried forward by the QSSI in 2025 reached larger audiences than ever before and their impact was truly significant by bringing the decisive yet largely unrecognized contributions of the Spanish and indigenous ancestors of today's Hispanic communities to the American Revolution to the national conversation.

Through its America&Spain250 initiative, generously supported by the Fundación Reina Sofía, the QSSI has organized high profile events in collaboration with storied institutions such as the Daughters

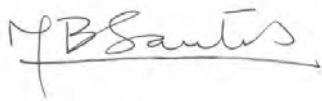

of the American Revolution, the Fundación Ramón Areces, the Juan Sebastián de Elcano, and the Gilder Lehrman Institute of American History, among others.

Through the America&Spain250 Grassroots Outreach Project, the QSSI continued to reach out to and collaborate with numerous local cultural and historical organizations across the country, thus broadening the knowledge of all who contributed to the creation of this great experiment called the United States. The QSSI is also proud to design and develop programs and activities of the utmost quality which are always supported by rigorous academic research and are impactful to the communities they reach.

The QSSI continued its commitment to other cultural areas all the while. In education, the QSSI launched a scholarship for a four-year Humanities undergraduate program in collaboration with Madrid's prestigious IE University. In literary translation, the QSSI awarded its 8th prestigious QSSI Translation Prize and launched the inaugural Literary Translation Fellowship, a \$20,000 prize in collaboration with Penguin Random House. In film, the QSSI supported a screening of the Academy Award shortlisted animated short "The Quinta's Ghost," among other areas.

All these programs have the QSSI mission at their core, namely, to stimulate interest in the history and culture of Spain and Spanish-speaking countries and to showcase its contributions to the history and culture of the U.S. I wish to extend my deep gratitude to all collaborators, partners, colleagues and audiences who have shared our mission and our values and supported these efforts over the past year.

With Warm Regards,

America&Spain250

Initiative for the Celebration of Spain's Relationship with the United States, 1776 – 2026

The Queen Sofía Spanish Institute launched the Initiative for the Celebration of Spain's Relationship with the United States, 1776 – 2026, America&Spain250, to celebrate the 250 years of the shared past, present, and continued friendship between the United States, Spain, and the Spanish-speaking world.

The Initiative aims to increase public awareness of the crucial contributions of Spain to the American Revolution and celebrate their importance over the course of 250 years of Spain's shared history with the United States. The Initiative also seeks to enrich the understanding of the complex, changing, yet enduring tripartite relationship between Spain, Spanish-speaking America and the United States.

Leading up to 2026, the QSSI has led the development of cultural programs alongside historians, cultural leaders, and other experts in the field.

Thus far, the QSSI officially launched officially the initiative in Madrid at the Fundación Ramón Areces, with the First America&Spain250 Symposium. Since then, in 2025 the Institute organized the II America&Spain250 symposium. Both events were presided over by Her Majesty Queen Sofía.

The QSSI is also currently developing educational resources and a Grassroots Outreach Project to involve local organizations from around the US in the celebration and by inviting them to join in the initiative through related activities to be held throughout the coming years.

Objectives

1

Increase public awareness of the contributions of Spain to the history and development of United States.

2

Celebrate 250 years of shared history in different fields: science, medicine, agriculture and technology along with language, literature, arts and religion.

3

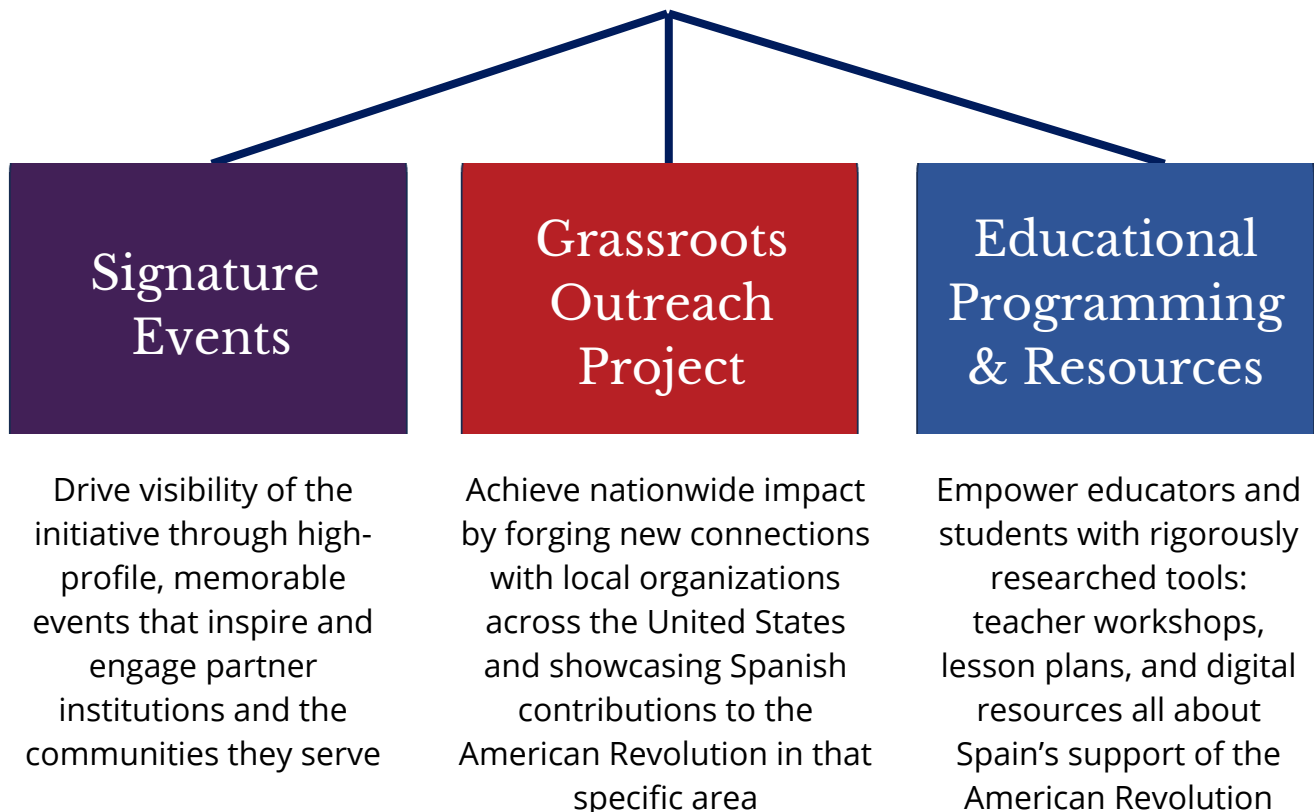

Facilitate the recognition of Spain and the Spanish-speaking world in the celebrations of America250.

4

Promote awareness amongst Hispanic and Latino communities, descendants of Spanish Americans, of their foundational role in the history of the United States.

Pillars of the Initiative

The types of projects underpinning America&Spain250

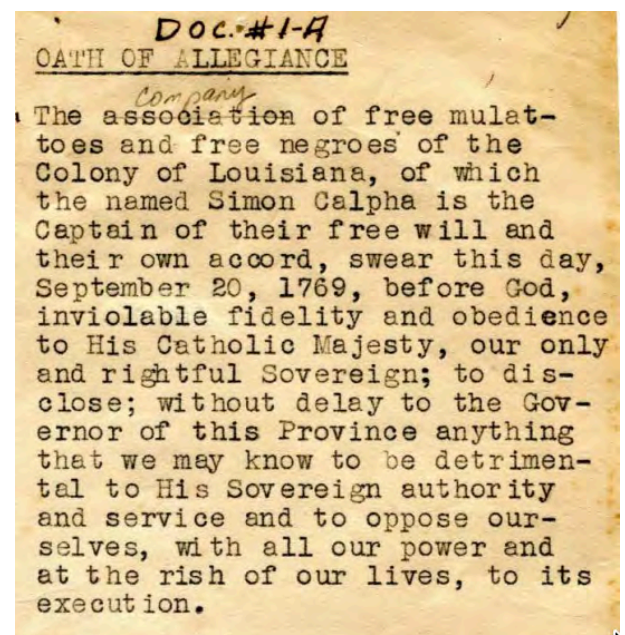

At the Core of the Initiative

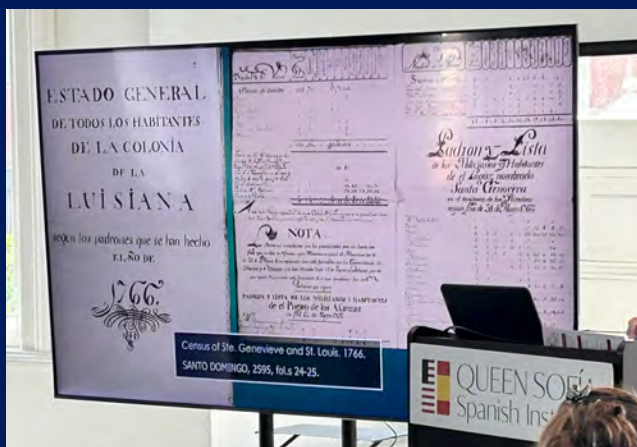

Advancing Historical Knowledge Through Primary Sources

One of the most important successes of initiative lies in the advancement of both academic and public knowledge around Spain's role in the history of the United States. This work is all grounded in primary sources, many of which have long remained underutilized or inaccessible outside specialized scholarship.

The initiative places a spotlight on primary sources with archival materials held in Spanish and U.S. institutions, as well as increasingly available digital collections. The materials support a more complete historical understanding of Spanish history in the Americas during the 18th century.

Primary sources are incorporated into educational materials for K-12 students and disseminated through symposia, public lectures, booths, and teacher workshops.

America&Spain250

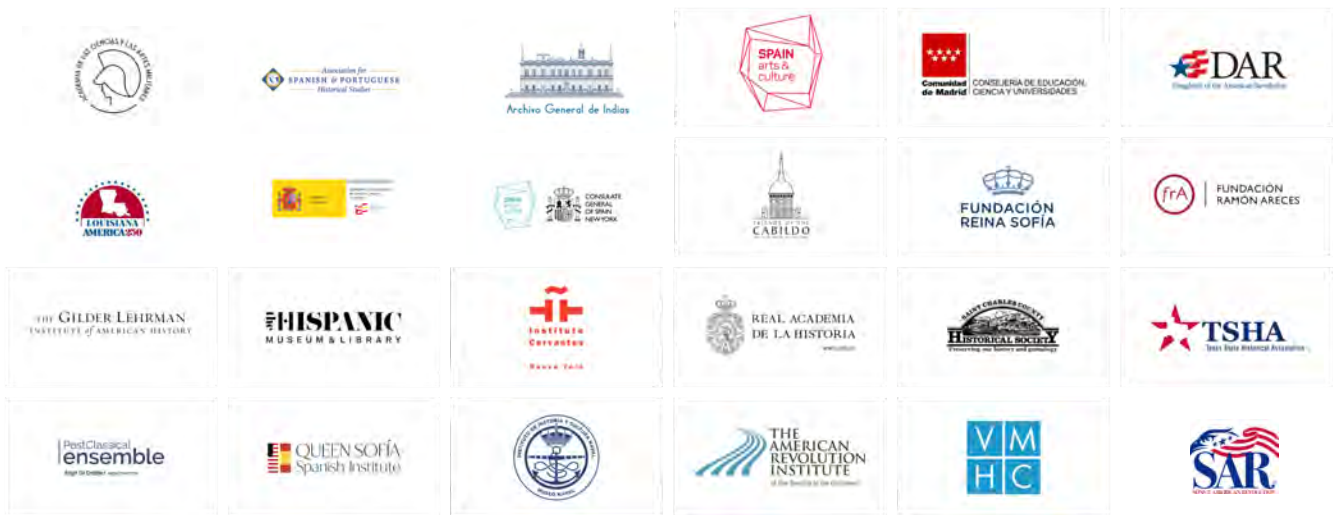

Impact Across the U.S. and Beyond

The QSSI had its first ever viral video.

With over 2.3 million views, this video from the II America&Spain250 Symposium gave substantial visibility to the initiative.

In it, DAR member Jane Henderson Bronner thanked H. M. Queen Sofía for Her Majesty's presence and for the manumission her ancestor, who was liberated from slavery by Bernardo de Gálvez.

Visibility & Impact in 2025

The QSSI had more press mentions in 2025 than any year in the past decade.

The Institute's projects and America&Spain250 initiative received national recognition and continue to gain visibility.

The QSSI was featured in the New York Times.

Begonia Santos, Amb. Gonzalo Quintero Saravia, and Prof. Larrie Ferreiro were interviewed for an article about the America&Spain250 initiative.

September 19th and 20th, 2025

Presided over by Her Majesty Queen Sofía, this history symposium about Spain's contributions to the American Revolution was held September 19-20, 2025, in DAR Constitution Hall. The opening night included words from partner organizations, the QSSI, the FRA, and the DAR in addition to H.E. Ángeles Moreno Bau, Ambassador of Spain to the United States. Dr. Richard L. Kagan provided the keynote lecture “The Erasure of Spain from the United States’ History.”

Speakers during the symposium included the following historians, professors, and experts: Gonzalo M. Quintero Saravia, Gabriel B. Paquette, Manuel Lucena Giraldo, Elisa Vargas Vargas, Thomas E. Chávez, Hugo O’Donnell y Duque de Estrada, Duke of Tetuán, Larrie D. Ferreiro, Iván Jaksic, Kathleen DuVal, and Jane Landers. Bela Valldecabres, President & CEO of the Spanish Royal Mint, also presented new coins minted to commemorate the 250th anniversary.

America&Spain250 Plaque Unveiling

St. Peter's Church, New York City
November 12th, 2025

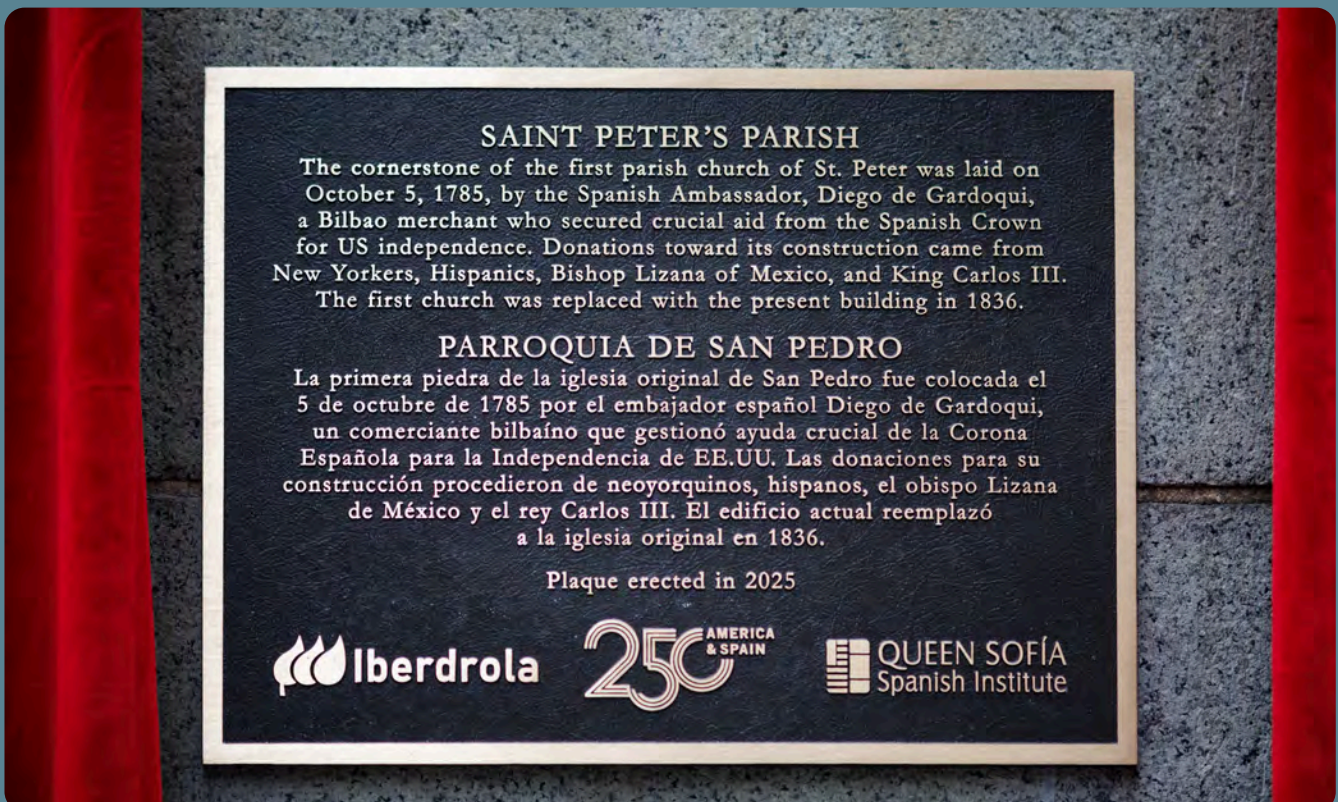

Her Majesty Queen Sofía presided over a historic tribute in Lower Manhattan and unveiled a commemorative plaque dedicated to Diego de Gardoqui, the first ambassador of Spain to the United States and an essential figure during Spain's support for American independence. The plaque is located at St. Peter's Church on Barclay Street, the site where Gardoqui laid the cornerstone in 1785, and marks the origins of what would become the first Catholic parish in New York. The ceremony not only celebrated this 240-year milestone but also coincided with the anniversaries of both Gardoqui's birth and his death, adding to the symbolic significance of the tribute.

"Today, we also wish to remember all those who, so long ago, contributed through their donations to the construction of the church—among them the New Yorkers and Hispanics of that era, Bishop Lizana of Mexico, and King Charles III."

– M. Begonia Santos, President & CEO, QSSI

The initiative was conceived and promoted by Iberdrola as part of “Unveiling Memories,” a broader project dedicated to recovering and sharing the often-overlooked contributions of Spain and Hispanic communities to the formation of the United States. The QSSI partnered in developing the New York tribute as part of its America&Spain250 initiative. The event gathered members of the QSSI Board, representatives of the Archdiocese of New York, members of the International Circle of the Reina Sofía School of Music, and members of the Spanish diplomatic corps.

Literary Translation Fellowship

A New Initiative of the QSSI and Penguin Random House

November 2024 - November 2025

Ceremony at NYU Espacio de Culturas, NYC

November 20, 2025

In an effort to continue to broaden the reach of the objectives of the Queen Sofía Spanish Institute Translation Prize, the QSSI launched the Literary Translation Fellowship in 2024 with the support and collaboration of Penguin Random House. The prize aimed to allow unpublished translators and other emerging translators the chance to audition, show their talent, and get the opportunity to pitch their translations to publishers.

The most successful sample translation from Spanish into English, selected by the jury, received the Literary Translation Fellowship, a grant of \$20,000 to translate the entire book. Ten of the sample translations that demonstrate promise, finesse and skill were awarded Honorable Mentions, a smaller grant of \$500 each. The awards were presented at “An Evening of Translation” ceremony.

The Inaugural Literary Translation Fellowship was awarded to Eduardo Aparicio, who will receive \$20,000 to support the full English translation of *Las frases robadas* by José Luis Sastre. Manuel Sansigre, CFO of Penguin Random House, presented the fellowship, remarking: “At Penguin Random House, we believe that translation is one of the most powerful forms of cultural exchange. It opens doors for readers to voices and perspectives that might otherwise remain unheard.”

Ten honorable mentions, each receiving \$500, were also awarded to outstanding submissions: Christopher Dinon, Will Morningstar, Madiha Ansari, Mikayla Parson, Gabriela Rivero, Slava Faybysh, Shaina Brassard, Marialena Carr, Madison Felman-Panagotacos, and Lara Norgaard.

In addition to the financial awards, participation in the Fellowship included a publisher’s forum with U.S. editors, designed to connect emerging translators with leaders in American publishing and to create direct opportunities for dialogue, professional feedback, and potential future publications.

The QSSI organized two publisher’s forums, one in person and one online, for participating translators to meet publishers who are looking to work with Spanish to English translators.

"Most extraordinary of all, however, was Montserrat Alavedra's handling of the soprano's recitatives and arias. She sang the great lament 'Aus Liebe will mein Heiland sterben' fabulously, revealing a sumptuous tone, an elegant phrasing, a powerful dramatic projection, and a spiritual connection with the music that defies adequate description.

"After the first few notes of the aria, I scribbled on my program, 'The young Schwarzkopf.' At the end, I crossed that out and wrote, 'The young Alavedra!'"

—Frank Corrado, reviewing Bach's "St. Matthew Passion" in the New York Times
